Since our founding, we've believed in fair and transparent pricing and have always disclosed our pricing in person and online. This brochure provides our itemized pricing for a wide array of services we can provide, as well as caskets and outer burial containers.

In 1984, the federal government began regulating all funeral homes through the Federal Trade Commission which implemented the "Funeral Rule" and mandated itemized price lists that must be presented before you make any specific selections.

Prior to 1984, at most funeral homes you selected the casket and included in the casket price was everything the funeral home offered which normally included embalming, one or two days of viewing, the hearse and limousine to the cemetery...creating an "all or nothing" price which required families to pay for things they didn't need or may not have even wanted.

Much like a restaurant ala carte menu, itemization allows you the freedom to choose the things that you need, but we understand that it can be confusing as well. To simplify the planning process, we've created packaged plans that include the most commonly selected services together with allowances for merchandise. These popular plans are featured in our *Funeral & Cremation Options* brochure, as well as on our website at: www.MichiganCremation.com, and often offer a greater savings over our already very affordable itemized pricing.

We believe that you should be able to pay your respects without spending your life savings. Families should have the freedom to choose the services they want and should never be pressured into paying for things they don't want or need. It is our mission to simplify the funeral and cremation planning process and make it as easy and stress-free as we can.

- 1** **Call** us day or night if you have just experienced a loss, want to be prepared for a dying family member, or just want to plan your own wishes so your family doesn't have to. Just call either of our offices listed on the back of this brochure to start the planning process.
- 2** **Select** a plan that best suits the wishes, needs, and budget of your family. You'll discover a wide range of choices that include traditional funerals and ceremonies, celebration of life gatherings, and even simple cremations with or without other services.
- 3** **Choose** the merchandise that compliments your choice of remembrance plan. While this brochure only provides itemized pricing of specific caskets, cremation caskets and alternative containers, and outer burial containers, a wide array of choices are available to view at either of our offices or online at: www.MichiganCremation.com.

I invite you to experience our difference and a new approach to funeral and cremation services. While our facilities are fully equipped, licensed, and inspected funeral establishments, you'll discover that we don't look, act, or charge like a traditional funeral home. On behalf of my entire family, and our team of professional caregivers, we would be honored to assist you and your family.

Payment Policy

We realize that losing someone you love is a devastating experience. It can be traumatic and influence the decisions that must be made. Therefore, it is important to be realistic with respect to funeral expenses. It is our intent that your decisions reflect your personal wishes and remain within your budget. We believe that a life well-lived is worth remembering. We will assist you in creating a meaningful and personal tribute for your loved one.

For your convenience, we accept the following methods of payment at the time of arrangement:

- Cash or Check
- Credit Card (Visa, MasterCard, or Discover)
- Verified Life Insurance Assignment (a 5% processing fee, minimum of \$200, will be added to the entire contract amount for all life insurance policy assignments).

We are unable to bill the estate of the deceased, as probate and trust matters can often last months or years before final settlement. All financial arrangements are made with the purchaser, and not with the estate of your loved one. Under Michigan probate code, the person who pays the funeral expenses is allowed to file a claim against the estate for reimbursement.

Cash Advances

Upon your request, we will include the charges of third-parties that may be involved in the service, ceremony, or event for a fee. Cash advances are typically charges that are due at the time services are rendered such as honorariums for clergy, musicians, and vocalists, cemetery or crematory fees, newspaper obituaries and death notices, catering and luncheons, etc.. A 5% cash advance accommodation fee may be added to our statement for those items unless payment in full is made by cash or check at the time of arrangements.
